Dear Mr. Sternberg:

As you might surmise, your organ is well known to the Agency. Following the receipt of your letter of 31/3/76, a more definitive search for info pertinent to your request was conducted. No info was located which would indicate that the CIA has ever provided funds to the SRC either directly or indirectly. I trust this letter will allay any apprehensions your organization has had in this matter.

We will appreciate your attempting to get a decision out of WTH on this & would assume that it would be someone close to the Cuban situation since subject is in frequent contact w/ leaders of the emigre groups in Miami & Puerto Rico.

Conference held re: future of SKC. Present were John Richardson, pres. SKC, Leo Chern, & 2 CIA reps. New activity announced - SKC would give aid to democratic refugees from the Dominican Rep & Cuba.

Subj indicated that DCI was unwilling to have the SKC halt its activities & there was considerable discussion as to the amount of \$ which would be required to ensure the continued activities of the SKC. Possibility that a grant of \$100,000 will be made available to SKC although definite word on the grant has not been received by subj. as of yet.

Raymond said that, in his interrogation of Charles, Duvalier appeared primarily concerned w/ determining if Charles had served as a funding channel from Cuban businessmen to Haitian conspirators. In the course of the conversation Duvalier showed Charles a photocopy of a bankers check for \$170,000 drawn in Charles name. Charles allegedly replied that he had dealings w/ many foreigners + Haitians. He denied Duvalier charges saying that, if he had been involved, it would have been a purely Haitian affair + he would not sully Haiti's honor by seeking help from foreigners.

Memo for Sup Chief WH/7 Oct 27, 1969

Following our receipt of info that [redacted] had taken a list of requirements into the AS Embassy in Port au Prince & asked help in fulfilling them, WH Dir. sent a memo on 19 Aug. 1969 to the Chief DC asking DC3's contact w/ Louis H. Brun (from whom Charles received the requirements) be terminated.

The DC3 NY office on 29 Aug. 1969 sent a memo to Sup Chief DC3 which reviewed the case noted Brun had been guilty of sloppy security & concluded that no further requirements would be given him. This memo did not, however, say that contact would be terminated, in fact, it said they would continue to debrief Brun whenever he returned from a trip to Haiti. [The Station] <sup>28</sup>reph [Port au Prince] <sup>16-8</sup> 6496 11 Oct 69) that this was not enough, that the contact ~~be~~ should be completely severed... The result was a memo on 16 Oct 69 from C/DCS to C/WH/7 which referred to the original WH/7 memo of 19 Aug & advised that contact w/ Brun had been terminated. [Port au Prince] <sup>16-8</sup> was so informed (DIR 48277, 21 Oct 69).

① On 29 July 1969 [Station] <sup>28</sup> [Post au Prince] <sup>16-8</sup> advised that CJC had passed a list of 9 questions concerning the Harkins economy to an official of US Embassy in Port au Prince. The list of questions were quite formal & although sterile, appeared to be intell. requirements. Charles told the En that he had just finished a "big job" for the Pentagon, & implied that the list also came from the Pentagon...

Hoover scheduled to appear before WC  
DDP wishes to have from you a short  
but comprehensive memo which high-  
lights the basic issues or positions  
entered into by the Agency in its deal-  
ings w/ the WC. For example, Rankin  
indicated questions re:

a) improvements in protecting President's  
life

b) conspiracy.

Keep positions taken in previous

I raised w/ Helms the nature of  
the recent info which you are processing  
which originated w/ the sensitive ~~to~~  
with source. I informed him that in  
your view this would raise a number  
of new factors with the Commission,  
that it should not go to the Commission  
prior to the Director's appearance  
unless we have first some preliminary  
reaction or made sure that the  
Director is aware of its implications  
since it could well serve as the basis  
for detailed questioning. The DDP  
stated he would ~~SECRET~~ ~~handle~~ ~~the~~ ~~matter~~ ~~carefully~~ +  
make a decision as to the question of timing. J.A.
